

Kennedy to Get Reports From Military

By LEWIS GULICK

WASHINGTON (AP)—President Kennedy met with his defense chiefs today to review military preparations of this country and its allies.

Secretary of Defense Robert S. McNamara and Gen. Lyman L. Lemnitzer chairman of the Joint Chiefs of Staff, brought the President up to date on military aspects of the Berlin crisis, following up a briefing Monday by the Secretary of State Dean Rusk on the diplomatic side.

A broader survey of allied activities was arranged for the afternoon with a direct report from Gen. Lauris Norstad, supreme commander of Allied Forces in Europe. McNamara, Lemnitzer and Rusk also were invited to sit in on that session.

Norstad likely will tell Kennedy how the Allies are answering the President's request for additional North Atlantic Treaty Organization strength to cope with the Berlin situation.

At his last news conference, Aug. 30, the chief executive was only mildly optimistic about the Allies response to his request to increase the Western defense system's military capability by 20 per cent.

Informants said Kennedy probably will meet with Soviet foreign Minister Andrei A. Gromyko on the Berlin situation late this week.

Kennedy, who returned Monday from a vacation at Newport, R.I., promptly got together with Rusk at the White House.

It was Rusk's first chance to give Kennedy a first-hand report since Rusk and Gromyko began talks at the United Nations 10 days ago on whether a peaceful solution to the dispute is possible.

In his three meetings with Gromyko, Rusk sought to sound out the Soviet diplomat on points that might be taken up in broader East-West negotiations.

If Rusk believes "he" finds an opening in the Soviet position, the United States will be willing to enter a conference, probably at the foreign ministers level, to arrive at a negotiated settlement on Berlin.

The time for the Kennedy-Gromyko meeting presumably depends on the President's ability to find an opening in his schedule which Gromyko can accept.

Flying Object Seen Over Utah

SALT LAKE CITY, Utah (AP)—A civilian pilot reported an unidentified flying object south of here Monday. Seven persons on the ground said they also saw it. Waldo J. Harris, a Salt Lake City insurance man, said he spotted the disc-shaped object as he was taking off from the Utah Central Airport. "When I got airborne, I noticed that it was still in the same spot and had no wings or tail."

"Another witness said the object, seen about 1 p.m., seemed to be hovering over Utah Lake, about 40 miles south of here. Harris estimated that he got within three to five miles of it before it disappeared. In Washington the Air Force command post said it had not heard of any sightings of unidentified flying objects.

Syria Regime Will Try a Neutral Course

By DAVID LANCASHIRE

DAMASCUS, Syria (AP)—Premier Mamoun Kuzbari today launched his revolutionary regime on a neutral course in foreign affairs. At home he pronounced a policy of encouraging private ownership.

Thus he followed President Gamal Abdel Nasser's foreign policy of nonalignment in the cold war, while putting a brake on the United Arab Republic's nationalization program that stirred unrest in Syria.

The Syrian lawyer-politician outlined his views Monday night in his first news conference with foreign correspondents since the uprising that toppled the Syrian-Egyptian merger under the flag of the U.A.R.

Pledging a return to parliamentary democracy, he put a four-month time limit on the period he and his Cabinet would serve, adding, "I hope the time will be less."

Kuzbari termed the four-month period the maximum he would allow the new regime "to prepare for elections and parliamentary rule."

He said the Cabinet will discuss the possible return of firms nationalized last summer by decree of President Nasser. But Nasser's agrarian reform program, the premier said, "will remain as is."

The government, which he termed the Syrian Arab Republic, will aim toward "a sound, democratic socialist life" which Kuzbari said will encourage private ownership, industrialization and foreign investment.

As one step toward a return to democratic principles, Kuzbari said the ruthless intelligence agency once headed by Col. Abdul Hamid Serraj had been closed and its agents arrested. He said Serraj, whose secret police once held Syria in a tight grip, was placed under house arrest the day of the coup but slipped away.

Revolutionary agents tracked him to a secret hideaway Sunday night and took him into custody a second time "to put an end to his subversive activities," an announcement said.

Serraj resigned as a U.A.R. vice president and fled from Cairo to Syria two days before the revolt in an apparent break with Nasser. He long had been considered Nasser's strongest advocate in Syria.

\$6,000 Good News to 98 U. S. Tourists

SHANNON, Ireland (AP)—Shannon airport's 98 stranded Irish-American tourists got a \$6,000 word of cheer today. The arrival of a Los Angeles bank draft for that amount cleared the way for their return home—seven days late.

President Air Lines sent the money to pay landing fees and fuel bills piled up on the airliner chartered by the group. The plane was scheduled to fly them home last Wednesday.

Airport officials said the craft needed only a precautionary inspection before it could be cleared for departure. Passengers were told it would probably take off tonight.

The Erin's Own Club of Chicago chartered the tour.

The weary Irish-Americans, all from Chicago, had assembled once more at the airport from hotels and private dwellings in the area where most of them had spent their sixth night waiting for transportation.

The examination of the plane described as routine, was carried out by Capt. Jerry McCabe, chief aviation inspector of the Irish government and Ed Kline, an inspector of the U.S. Federal Aviation Agency.

The stranded visitors to the Old Sod originally numbered 103. Five of them gave up on the charter flight and took a scheduled airliner home Monday night.

WASHINGTON (AP)—Federal officials issued today a call for reports on conditions of banks under their jurisdiction as of the close of business Sept. 27.

The comptroller of the currency's call affects 4,524 national banks.

The call by the Federal Deposit Insurance Corp. applies to 7,321 insured state banks which are members of the Federal Reserve System and not located in the District of Columbia.

UN May Shelve Applications

UNITED NATIONS, N.Y. (AP)—U.N. delegates from both East and West were reported trying today to shelve action on membership applications of Mauritania and Outer Mongolia pending a decision on seating Red China.

The Security Council, which decides on new members, adjourned after 15 minutes Monday when it became clear the Soviet Union remained determined to veto Mauritania and that Nationalist China would turn thumbs down on Communist Outer Mongolia.

Diplomats appeared convinced there was no chance either side would give ground now and saw little point in inviting two vetoes.

DeGaulle Has Warned His 'Enemies'

PARIS (AP)—President Charles de Gaulle served notice on his political critics and enemies today that he is determined to carry out self-determination for rebelling Algeria, come what may.

In a nationwide radio-TV speech Monday night, the vigorous 70-year-old general made it clear he will not be side-tracked by bickering politicians or rightwing terrorists who want to keep Algeria a part of France.

Much of his speech repeated the policy he has frequently enunciated to resolve the nearly seven year old rebellion but with emphasis on these two points:

1. He will establish a provision at executive body to run Algerian affairs until a final solution is reached through a popular referendum. By implication, he appealed to the Algerian nationalist rebels to take part in the provisional regime and in preparation for the vote.

2. He will establish a security force (Force Publique) to see that the work of this future executive will neither be hampered nor destroyed.

De Gaulle did not go into detail about his "Force Publique." He had previously indicated in conversations with political leaders that it would consist of 50,000 men, largely Algerian Muslims.

Radioactivity High

SEOUL, South Korea (AP)—The South Korean Atomic Energy Agency reported today it had detected up to 16 times as much radioactivity as normally permissible for human beings in rain that fell Saturday.

The agency warned the public not to drink rain water—the second such warning in a week. It added that the radioactive content Kansas next Sunday and will in the atmosphere over South Korea was five times as high as permissible for humans.

Atom Rocket Engine Within Five Years

By VERN HAUGLAND

WASHINGTON (AP)—The United States aims to have a rocket with a nuclear engine ready for flight testing in about five years, a U.S. space official said today.

Nuclear propulsion, he said, is "necessary for manned interplanetary flights."

The official Harold B. Finger, assistant director for nuclear applications for the National Aeronautics and Space Administration made his remarks in a paper prepared for delivery before the International Astronautical Congress.

He said NASA and the Atomic Energy Commission have been investigating flight-testing methods in a program known as RIFT for "reactor in flight test."

"Some time after the beginning of 1962, an industrial contractor will begin development activities of a RIFT-vehicle to meet the objectives of achieving flight testing in the 1966-67 time period," Finger said.

Plans call for launching the nuclear rocket on a short-range ballistic flight from Cape Canaveral, Fla. It would be lifted by a Saturn-type first stage.

After the initial RIFT flights, said Finger, other tests will be made involving:

1. Missions in which the vehicle will attain sufficient speed to leave the earth's gravitational field and go into orbit around the sun.

2. Flights in which the reactor is started up after it is in orbit around the earth.

Finger said present rocket engines, which produce thrust from energy liberated in a combustion process, are inadequate for extensive manned space missions.

If only chemical propulsion were used, he said, it would be necessary to place a spacecraft weighing 9 million pounds in orbit around the earth in order to conduct a manned flight to Mars and return. The use of nuclear rocket engines would reduce the spacecraft weight to about 900,000 pounds.

Blames U. S. for Part of Berlin Crisis

BALTIMORE (AP)—The present Berlin crisis was caused in part by the United States' "Dilatory tactics" in 1944 and 1945, Sen. J. W. Fulbright, D-Ark. says.

Fulbright chairman of the Senate Foreign Relations Committee expressed the view Monday night during an airport press conference called by his office to clarify remarks to newsmen in London.

The senator said he did not intend the remarks to reflect unfavorably upon current negotiations with which he expressed satisfaction.

Fulbright arrived here after a flight from London. He spent nine days there as an observer at the British Parliamentary Conference, which discussed the projected entry of the United Kingdom into the European Common Market.

Fulbright said certain "mistakes" were made during the first two or three years of post-war negotiations over Berlin. Important also, he said, were delays in considering suggestions and recommendations involving U.S. policy on Berlin.

The agency warned the public not to drink rain water—the second such warning in a week. It added that the radioactive content Kansas next Sunday and will in the atmosphere over South Korea was five times as high as permissible for humans.

Proposed School Budget Calls for \$175,000 Bond Issue and Additional Tax of Five Mills

Hope School District 1A announced its proposed budget for 1962-63 today and it included a proposed bond issue for \$175,000 for various improvements. The budget calls for a tax increase of five mills to pay off the bonds over a 20 year period.

The construction program will include four elementary classrooms, an auditorium-cafeteria combination at Hopewell Negro school which has an enrollment of 331. All of the elementary classrooms will replace temporary facilities at Hopewell and one at Yerger school.

A classroom for all High School science will replace the small room in the old High School building. Most of the program will replace temporary facilities with only the auditorium-lunchroom combination and one classroom as new structures.

School officials figure the program, with equipment, will cost about \$175,000. The proposed bond issue for this sum will run 20 years with 2 1/2 mills set up to pay it off. The budget calls for a five mill tax increase.

The five mill increase would cost the taxpayer \$5 per \$1,000 assessed valuation annually and school officials figure it will produce about \$36,723 net additional school revenue annually.

This, according to school officials, is where the new revenue would be spent; \$13,000, cost of bond issue annually;

\$10,000 payment on old bond issue or matching social security; \$13,723 instructional supplies, teaching personnel, libraries both white and Negro schools.

495 Doctors, 67 Vets to Be Called

WASHINGTON (AP)—The Defense Department ordered today the drafting of 495 doctors, 354 dentists, and 67 veterinarians for the military services.

It said they were needed because of the general buildup of the Army, Navy and Air Force.

The veterinarians are being called to meet an increased demand for food inspection services, preventive medicine, and research and development the Pentagon said.

This is the second time this year that the Defense Department has ordered a medical draft.

Last June 9 it issued a call for 815 doctors for the Navy and Air Force because of a lack of volunteers.

Another Soviet Nuclear Test

The Atomic Energy Commission announced Monday that the Soviet explosion had a yield "on the order of a megaton." This is equivalent to 1 million tons of TNT.

Paar Attacks and Warns U. S. Senate

By WILLIAM BENDER

NEW YORK (AP)—"I'm at a loss for words, but I'll think of something. I have a few notes here."

With that brief, smiling introduction, Jack Paar launched into an hour-long television attack Monday night on the U.S. Senate and parts of the American press in the controversy over the filming of a Paar show on the border between East and West Berlin.

The occasion was his first show over the NBC network after returning from a trip that included stops at London, Paris, Switzerland and Moscow, as well as Berlin.

At the end of the discourse, Paar hinted again that he might soon leave the late evening show after more than four years.

"I'm not staying on the show long," Paar told his announcer, Hugh Downs. Paar has made similar comments in the past.

Paar asked Downs what he thought about his comments, and Downs took issue with one phase of Paar's attack.

Downs said he thought Paar had been right in staging the show in Berlin, but he criticized him for attacking individuals on a personal basis.

"I think part of what you did tonight was wrong," Downs said, adding: "You are important enough in being right."

Author Alexander King, a regular guest on the show, said: "I must tell you I disagree with Hugh Downs completely."

The controversial show was filmed Sept. 7 at the Friedrichstrasse checkpoint and broadcast from New York City the next week.

Army participation in the show brought criticism in the United States, and the incident was described in the Senate as "shocking" and "highly dangerous." Disciplinary action against two officers was announced in Washington Sept. 9, but was rescinded as unjustified on Sept. 27.

"No one did anything wrong enough to warrant criticism, although on hindsight what was done might have been done a bit differently," said Gen. Bruce C. Clarke, commander of the U.S. Army in Europe.

Paar noted that the incident had drawn criticism from some newspaper columnists and editorial writers. But he said some others had waited, gotten the full story and had praise for the show.

Paar said he had been told that a movie "Advise and Consent" Continued on Page Two

Auto Workers Strike Ford Plants Today

By DWIGHT PITKIN

DETROIT (AP)—The United Auto Workers struck the Ford Motor Co. today as company and union negotiators apparently remained deadlocked on a new contract agreement.

Acting under union orders, some 120,000 Ford hourly workers walked off the job. UAW leaders here telephoned walkout instructions to locals across the country in observance of its 10 a.m. strike deadline.

It was the first nationwide strike against Ford by the UAW since the company was organized by the union in 1941.

The walkouts came as negotiators continued a marathon bargaining session in an effort to avert a crippling strike. Company and union negotiators have been in continuous session for almost 25 hours.

Ford, facing its first general strike in 20 years, and the union were struggling in bargaining talks to reach an agreement as the walkouts took place.

The last time Ford had a strike was in 1941 at the time of the union's organizing of Ford workers. There were limited strikes in 1955 and 1958 during contract negotiations.

Ford and the UAW reportedly were deadlocked over noneconomic contract issues, including production standards, after having settled on economic terms at mid night in overnight negotiations.

Second Trial for Negro in Rape Case

LITTLE ROCK (AP)—Circuit Judge William J. Kirby today set a second trial for Luther Bailey, a Negro, charged with rape of a white woman, for the week of Jan. 29, 1962.

Kirby also appointed two new lawyers for Bailey although the judge said he felt he was without jurisdiction because he has never received a mandate from the 8th U. S. Circuit Court of Appeals which reversed Bailey's death sentence.

The case has been appealed to the U.S. Supreme Court by the state.

Retrial or release of Bailey within nine months was ordered by the appeals court. The deadline under the order for a second trial is Feb. 16.

Bailey was brought into court from Tucker Prison Farm, where he has been in a death cell since September, 1956. He listened impassively and without comment while Kirby explained latest developments in his case.

Kirby named E. V. Trimble and Chris Mercer, both Negro lawyers, to represent Bailey at the new trial. His attorney at the first trial, Thad Williams, also a Negro, has moved to California and asked to be relieved in case of a retrial.

Principal reason for reversal of Bailey's conviction the appeals court said, was exclusion of Negroes from juries in Pulaski Circuit Court.

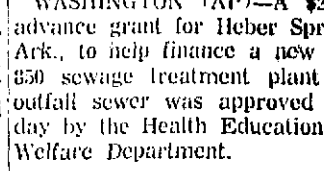

The court has three divisions—one criminal and two civil. Negroes serve on criminal jury panels but are not called in the civil divisions.

Kirby has postponed all criminal trials for Negroes until the jury question is cleared up. The legislature, in a recent special session, passed a law to make the court's three divisions separate entities. Authorities said this would solve the jury problem.

Bailey was convicted in the 1956 rape of a 49-year-old Little Rock widow. He is from Woodson, 18 miles south of Little Rock.

Chargers and Titans Hold AFL Leads

The honoree, wearing a beige dress trimmed with green and green accessories, was given a corsage of fleur d'amour. Her mother, Mrs. G. A. Hobbs, pinned a gardenia at her shoulder. Receiving with them was Mrs. George Miller of Dallas, mother of the groom-elect. Her corsage was of roses.

Roses were seen throughout the home in lovely arrangements and pyracantha berries graced the mantle. Gardenias and green grapes centered the serving table. Mrs. H. R. Hollingsworth invited the guests into the dining room where Mrs. E. H. Stewart poured the coffee and Mrs. Carolyn Cox Pant assisted in serving dainty tidbits.

Green-Eyed Monster Again!

By HELEN WORDEN ERSKINE

Dear Helen: I am jealous—of what, I don't know! After a terrific fight over this my fiancé and I are about to break up. He insists that I don't trust him then, in the next breath says he still loves me.

Only because I care so much do I want to know how he spends his time. I think he should be glad that I want to share his life. He calls it jealousy and bange, we're off again! If it's this way before marriage, what will it be after? Hell on earth, I guess. Yet loving him, I cannot let him go, despite the agony which lies ahead. Having no one else to turn to, I turn to you. Help me! — Desperate

Dear Desperate: You are foolishly letting emotion rule. Forcibly yourself to give intellect a chance. Sit down and analyze this case of jealousy with your fiancé, as if you were a third person. Unmask the ugly thing and you'll see it for what it really is—insecurity. What you need is an ego-builder. Take some courses in self-improvement. Treat yourself to one of those offered by a national beauty salon chain. (I took one myself).

If you dance well, learn to dance better. Sign up for lessons. Join a public speaking class. Excel in whatever you do.

In other words, crowd out jealousy by giving your best self a chance. Keep this up and your fiancé will be worrying about you, instead of you fretting about him. I know it's going to take a lot of will power—but the plum is a happy marriage and the love—as well as respect, of your future husband.

Dear Helen: I am faced with a situation which a girl of my age should never have got into. I fell in love with a married man a year ago. For awhile it was bliss. Then I began to worry. To complicate matters, a former boy friend invited me to his farewell party before joining the army. That night he declared his love. The way he said it sent little shivers of joy through me. In a flash I knew he was the one I had always loved. How can I break with the married man?

G. Dear G.: Since you're as much at fault as the married man, have courage. Tell him it's the end of the chapter, after that, no more dates, phone calls or notes. You've been playing with fire. Be thankful for the soldier boy who brought you to your senses!

Confidential to J. A. Payallup. Wash.: Make up your mind that

your mother, being the type she is, will continue to gripe about your friends. Build a life of your own within the framework of her restrictions. If you are over 18 strike out for yourself but remember, with independence goes responsibility!

Send your problems to Helen Worden Erskine. Be sure to enclose a stamped, self-addressed envelope and address her care of this newspaper. Helpful leaflets available. Write for "Jaundiced Souls."

Du Pont Told to Get Rid of GM Stock

CHICAGO (AP) — The federal government proposed today that the Du Pont Co. divest itself of its 63-million-share interest in General Motors by sales on stock exchanges or other methods selected by the company.
The proposal was filed in U.S. District Court in compliance with an order by Judge Walter J. La Bay on July 5. He directed that E.I. du Pont de Nemours and Co. and its subsidiary, Christiana Securities Co., file a stock divestiture program within 60 days to comply with a U.S. Supreme Court ruling.
Judge La Bay ordered that the companies begin their divestiture within 90 days after a final judgment and that the disposal of stock be completed within 10 years.
Du Pont filed its own proposal Sept. 1. It mentioned no specific method of disposing of its 63 million shares of General Motors. It stock—valued currently at about \$3.15 billion.
By making no stipulation, the memorandum noted, Du Pont could choose between distribution, sale, exchange or any combination of such methods.
Under the law, the proceeds of sale of the shares would be taxable as ordinary income. An effort to change the law, and ease the tax burden in such transactions, was made in the recent session of Congress. Congressional action is still pending.

Iowa Clings to Top Place in Ratings

By DON WEISS
Associated Press Sports Writer
The Iowa Hawkeyes, who set their own pace in a 28-7 season-opening victory over California last Saturday, set it well enough to retain the No. 1 spot in the weekly Associated Press college football poll.

Twenty-four of the 49 members of the AP board of experts cast their first-place ballots for the Hawkeyes of the Big Ten. With plenty of secondary support from the other voters, they wound up with 424 points and a clear edge over Mississippi. The Rebels, also No. 2 a week ago, wound up with 16 first-place votes and 325 points. Ole Miss whipped Kentucky 20-6 for its second in a row.

Georgia Tech, noticed but unranked after clouting Southern California 27-7 in its first game, hopped up to third place after thumping Rice 24-0.

A chance for measuring comparative strength will come Saturday when Iowa plays Southern Cal at Los Angeles. Georgia Tech fans will be interested to see whether Iowa can handle the Trojans with anywhere near the ease that the Engineers did 10 days ago.

The top ten teams—points figured on a 10-9-8-7, etc. basis with first place votes in parentheses:
1. Iowa (24) 434
2. Mississippi (16) 325
3. Georgia Tech (5) 268
4. Alabama (1) 259
5. Texas (2) 218
6. Michigan State (1) 203
7. Syracuse 191
8. Ohio State 128
9. Michigan 123

Nixon Back Home to Plan Campaign

SUN VALLEY, Idaho (AP) — Richard M. Nixon is back in California today to start putting together what he envisions as the most intensive political campaign in state history.

He said he is out to win the governorship with the full intention of serving out the four-year term.

Nixon, who flew here to address the Western Republican Conference Saturday night, was asked repeatedly by newsmen whether he would seek the presidency again in 1964 and whether he would accept a draft.

The former vice president replied he would not be a candidate for president in 1964, adding "it's implicit that I intend to serve the people of California as governor from 1962 to 1966."

As to whether he could be drafted, he said "the answer is no." Nixon challenged former Republican Gov. Goodwin J. Knight to back up charges that he was offered a political deal to stay out of the gubernatorial race. He denied knowledge of any such offer.

Nixon said he plans to start his active campaign around the first of February. He intends to go into every city, county and town, he said, and after the primary he'll campaign for every Republican nominee in the state.

Irish Group Promised Ride Home

SHANNON, Ireland (AP) — Stranded for five days after a nostalgic trip to Ireland that turned into a nightmare, 103 Americans today were promised a plane ride home.

The chartered airliner that was to pick them up at Shannon Airport last Wednesday finally arrived.

The Americans slept in chairs and on the carpeted floors of the air terminal—most of them out of money, some of them ill, babies wailing.

The group from the Irish-American Erin's Own Club of Chicago, who came to Ireland a month ago for a vacation, scraped up \$15 Sunday night to send a cabled appeal "please help us" to President Kennedy.

Kevin Carty, club president, and the Rev. Edward Salmon, curator of St. Gabriel's church, Chicago, signed the cable.

Carty said the club paid \$30,000 to charter the plane from the President Air Lines for the trip that brought many back to Ireland on their first visit in years.

Kay Mellor, a Chicago nurse, tended the sick among the vacationists that included seven children. Mrs. Mellor was worried she might lose her job for staying away too long.

In the airport lounge, the men who spent their fifth night on the floor there, stretched and looked gratefully at the plane—a DC7C of the same airline whose plane crashed in the Shannon Estuary with the loss of 83 lives Sept. 10. The Chicagoans faced another

SEVEN LIES SOUTH

A blonde girl was sitting in one of the leather armchairs.

THE STORY. Mike Beecher, a young American living in Spain, plays golf with James Lynch, an Englishman. When Mike sees Lynch deliberately cheating, he says nothing about it.

Chapter II

When Beecher started for home it was dark, but the streets were gay. Spanish girl walked arm-in-arm with jasmine twisted in their black hair, and the cafes were crowded with sun-flushed tourists. Beecher's villa was on an island bluff with an excellent view of the sea. The house was old and not particularly comfortable in the winter months, but the rooms were large, and the grounds included brilliant gardens and a small but charming swimming pool.

Beecher parked in front of the grill gate and walked through the garden to the side entrance. The maid had heard the car, for Encarna was standing in the doorway watching for him in the darkness. She and her sister, Adela, had taken care of the villa for more than a year. Encarna wore her best uniform and a white apron trimmed with a filigree of lace.

"There is a young lady waiting," Encarna said. "She has been waiting almost an hour."

That explained the uniform, he thought, and her air of excitement.

Beecher thanked her and then walked into the drawing room which faced the gardens and the sea. A blonde girl in a slim brown dress was sitting in one of the leather armchairs. She stood up smiling. "I'm a friend of your sister Biddy." American voices occasionally irritated Beecher, with their flatness and lack of distinction; but hers was very nice, he decided, crisp and warm and clear. Her name was Laura Meadows.

He found himself smiling. "Well, welcome to the casa. Welcome to Spain. And how is Biddy? Did she send any messages?" "No. It was the oddest thing. I hadn't seen her in years, until I bumped into her shopping in New York just a month or so ago. I told her I was coming to Spain, and she told me you were living here. She was going to write you, but I begged her not to. I know what a bore things like that are." She smiled at him. "I set your mind at ease, I don't need bullfight tickets, plane or train reservations, or someone to help move a big trunk."

Beecher felt pleasantly stimulated. "Well, I hope you need a drink at least."

"Thanks, I'd love one." Beecher called to Encarna who must have been waiting just outside the door, for she appeared instantly with a tray of bottles, glasses, and ice.

"Sit by the fire," he said to Laura Meadows.

"I love your place. I walked down to the swimming pool before you came in. The sun was setting and the fishing boats were bobbing around in the water. It looked like . . . I don't know . . . like something out of a Fifth Avenue toy shop." She sat down and crossed her lovely legs and put her hands out to the fire. "No wonder Biddy can't entice you home."

"Ye gods!" Beecher said. "Did she send you over with the heavy artillery?"

"No, please," she said, looking up at him quickly. "She just mentioned that she misses you. I'm sorry."

Beecher made two drinks with care.

"How long will you be here?" "Until Monday night. I'm flying down to Rabat. I want to see a little bit of Morocco. Then back to Madrid, you know, the Prado, Toledo and Alhambra," she said, smiling and ticking the names off on her fingers. "Typical tourist with flat heels and camera."

This was Friday, Beecher thought. She'd be in Mirimar two full days and nights. He realized that he would have to put on some kind of show for her. The problem was pesetas; he was broke. He had planned to go to Gibraltar this week end and change some of a slender stock of dollars. The Irishman would

day of waiting, however, for they were told takeoff is not until 7 p.m.—local time.

Birth Control Supported by Church Group

By GEORGE W. CORNELL
Associated Press Religion Writer

DETROIT (AP) —Birthcontrol when used "in Christian conscience" today had the support of the Episcopal Church, not only as morally permissible, but essential in some cases to prevent tragedy.

In many lands, the population is increasing so fast that the survival of young and old is threatened and population control has become a necessity, the Church declared.

It was the denomination's first official endorsement of contraception. The Roman Catholic Church opposes it. Most major Protestant bodies have approved it.

Among Episcopalians, who consider themselves both Protestant and Catholic, the practice has become generally acceptable in recent times.

Nearing its close today, the Church's 13day governing convention also:

1. Declared that inequities in state workmen's compensation laws have become a grave moral problem across the country, and urged local church forces to work for more just minimum standards.

2. Declared that racial prejudice "is inconsistent with the gospel of Jesus Christ," and recommended specific steps for ridding the church's life of discrimination and segregation.

3. Asserted that America's fast changing urban industrial scene is eroding any form of community for millions of families. New church efforts were underwritten to find means of influencing a technological culture.

4. Expressed confidence in the possibility of achieving lasting peace among nations "because Jesus Christ pointed the way to such a peace."

5. Turned down a resolution commending Civil Defense work as a moral obligation of the clergy, although the bishops had urged such action.

Astrophysicists believe exploration of the moon will unlock many of the mysteries of the solar system.

mind my coming without an invitation."

"Don't worry about that."

There were at least a hundred guests present, and after a glance Beecher was able to place them in three main categories: the Spaniards first, correct and smiling, but banded together for linguistic comfort. Foreigners made up the second group, French, British and Americans for the most part, permanent residents, and permanent sources of gossip for the Spaniards. The last group had no obvious markings. They were tourists, strays, out-groups, most of whom had met Don Willie in the village, and had become the beneficiaries of his frequently whimsical generosity.

Beecher saw Lynch, the tall Englishman, standing head and shoulders above the crowd, with his fair hair and happy smile shining in the candlelight.

Don Willie came striding toward them with both arms stretched wide in a gesture of paternal welcome.

Beecher introduced him to Laura. Don Willie's eyes glinted with appreciation; he bowed over her hand with a massive formality, but, as Beecher knew, the main object of this lingering courtesy was to allow himself an unburied view of her slim bare legs and ankles.

"You must come inside and put away your wrap," he said, beaming with pleasure. He was not like Santa Claus, Beecher decided; he was more like a Halloween pumpkin, with a Peeping Tom looking out through the candy eyes.

Don Willie was comically famed for his feverish gallantry to pretty young women but, even so, Beecher disliked the look of his big meaty hand on Laura's bare arm.

Yankees Are Favored by Odds of 12-5

By ED CORRIGAN
Associated Press Sports Writer

NEW YORK (AP) — The New York Yankees, with or without Mickey Mantle, today ruled heavy 12-5 favorites to win the World Series against the Cincinnati Reds.

Mantle, the junior partner in the M-M pitcher-wrecking company with 54 home runs, is recovering from minor surgery on his hip and is a questionable starter in the first game Wednesday.

If Mantle hasn't recovered enough, Manager Ralph Houk has nominated Hector Lopez to handle right field, with Roger Maris moving over to Mantle's center-field spot.

Whitely Ford (25-4), the bomb-er's top money pitcher for a decade, will take the mound against Cincinnati's Jim O'Toole (19-9) in the opener starting at 12 noon EST before a Yankee Stadium throng of about 70,000. Both are left-handers.

The weather forecast is for continued rain into Wednesday with temperatures between 60 and 70 degrees. Should rain force a postponement the first game will be played Thursday with the second game, also at Yankee Stadium, on Friday.

The series will be carried on television and radio by NBC with a starting time of 11:45 a.m. EST in New York.

Mantle said the way he feels now, he won't be able to play the opener.

"But," he said, "even if I miss the first game, that doesn't mean I won't be all right for the rest of the Series. Maybe it will get better quicker than I think."

Mantle's dour outlook was not shared by the Yankees' team physician, Dr. Sydney Gaynor, or by Houk.

"Of course he feels weak and sore," said Dr. Gaynor. "He has a wound that must heal. Knowing Mickey and how he responds to treatment, I think he'll play."

Houk said he would not scratch Mantle from the lineup until just before game time.

"Sure, Mickey isn't feeling right," said Houk. "But that's to be expected. Wait until he's had a bowl of two of soup and a couple of steam baths. Then notice the difference."

Otherwise, Houk plans to start his regular lineup. Assuming Mantle answers the call, it will be Bobby Richardson, 2b; Tony Kubek, ss; Maris, rf; Mantle cf; Elston Howard, c; Yogi Berra lf; Bill Skowron, 1b; Clete Boyer 3b; Ford, p.

If Mantle doesn't play, Howard will bat cleanup, Berra fifth, Skowron sixth and Lopez seventh.

Cincinnati Manager Fred Hutchinson, who says he is not the least perturbed about the top-heavy odds against his club, has only one doubtful starter. Catcher Darrell Johnson has a strain in his left side. If he can't make it, Jerry Zimmerman probably will get the call.

The National League champions' lineup will be Don Blasingame, 2b; Ed Kasko, ss; Vada Pinson, cf; Frank Robinson, lf; Wally Post rf; Gene Freese 3b; Gordy Coleman, 1b; Johnson or Zimmerman, c; O'Toole, p.

"I see," observed Hutchinson "that we're not supposed to have a chance. Well, we surprised people all season, and it's likely that we have one big one left."

Most observers figure the only chance the Reds have of springing the same kind of upset as the Pittsburgh Pirates engineered last year is for their pitchers to squash the Yankee long-ball hitters.

The Reds will depend on O'Toole, Joey Jay and Boh Purkey, along with two fine relievers — Jim Brosnan and Bill Henry. Ken Johnson, a knuckleballer,

Fishing Around Arkansas Lakes

LITTLE ROCK (AP) — Here is a fishing forecast from the Arkansas Game and Fish Commission: Lake Maumelle: Water clear but low. All fishing fair on all bait.

Lake Hamilton: Water condition good. Black bass fair to good on artificial bait. Bream fair to good on crickets and worms. Crappie poor.

Lake Conway: Water clear and 3.5 feet low on drawdown. Bass good on artificial bait and minnows. Bream fair on crickets and worms.

Lake Greason: Water clear but low. Largemouth bass good early and late while schooling on top-water lures.

Lake Ouachita: All fishing poor to fair on all bait.

Lake Norfork: Black bass good on crayfish; fair on plastic worms. Crappie fair to good trolling with artificial bait and minnows.

Lake Bull Shoals: White bass good early and late on Mr. Champ and live minnows. Largemouth bass fair on jigs and cels.

Lake Catherine: No report.

Alworth Is Punt Return Leader

DALLAS (AP) — Lance Alworth, the Arkansas express who led the nation in punt returns last year, is back at the same old stand. He's pacing the Southwest Conference with a 19.4-yards average.

Other leaders include a couple of seniors making comebacks after an absence from the gridiron.

Harold Morgan sat out the 1960 campaign at Southern Methodist. He now is leading a cast of capable punters that includes the top Morgan's average is 41.4 yards of seven boots. It's only four-lens five over the full route last season of a yard better than Jerry Candler of Rice.

Bob Witucki, Texas Tech and who has been serving a military hitch, has wrested the passing leadership from Buddy Isles, Texas Christian's prized catcher. He has taken seven passes for 67 yards.

Jerry Cook of Texas leads the scorers as well as the rusher through two games. He is the only player who has scored three touchdowns and has the ball carriers with 194 yards in 26 runs.

Sonny Gibbs, who has sparked surprising success for Texas Christian, is the total offense leader with 271 yards.

Doug Cannon, the Texas Tech

also will be available in relief. Defensively the Reds, who were picked to finish fifth or sixth in this year's pennant chase, have nothing to measure up to the Yankees.

"They say," laughed Freese, "you have to have strength down the middle to win a pennant. Look down our middle. You have to look 350 feet from home plate (to Pinson) to find strength."

Hope Will Be Host Friday to Crosett

Associated Press Sports Writer

Springdale, victim of a stunning 7-0 upset at the hands of Van Buren's Pointers last week, takes on Fayetteville Friday night in a vital Region IAA football game.

If Springdale loses, it will be all but out of the conference race since Fayetteville is unbeaten. If Fayetteville loses, it will have to beat Van Buren to knot things up in IAA.

Fayetteville beat Rogers 20-0 last week in its best offensive showing of the young season. Fayetteville and Van Buren remain unbeaten.

Harrison meets Subino in another conference game Friday and Rogers takes on Class A Huntsville. Harrison lost to Russellville 27-0 last week and Fort Smith beat Subino, 31-6.

Jonesboro established itself as an even more solid Region 2AA favorite last week with a 27-0 victory over Newport in which the Hurricane held Newport to minus eight yards rushing.

Jonesboro fullback Fred Hogan scored three touchdowns to up his state Class AA scoring lead to 84 points. Jonesboro takes on twice beaten West Memphis Friday night and will be a heavy favorite to win its fifth in a row.

Moore Seems Raring to Go Saturday

FAYETTEVILLE, Ark. (AP) —

Billy Moore, the alternate Arkansas quarterback who missed the Mississippi and Tulsa games with a knee injury, is rarin' to go against Texas Christian Saturday night.

Moore's running and passing highlighted Monday's practice session and Coach Frank Broyles said he thought the peppery junior field general would be ready for the Horned Frogs.

Halfbacks Darrell Williams and Harold Horton and end Jimmy Collier were named captains for the TCU game in Little Rock.

After viewing films of the 6-0 victory over Tulsa, Broyles said he thought the Hogs showed a lot of improvement over the Mississippi game. He praised the fullbacking of Billy Joe Moody and Jesse Branch, the defense work of guard Dean Garrett and tackle John Childress, and the blocking of end Tim Langston.

Assistant Coach Wilson Matthews, who has coached both TCU games, said he would lecture the Hogs today on the Horned Frog offense and defense.

Broyles said halfbacks Lanco Alworth and Paul Dudley were used mostly as decoys against Tulsa so the tackle spots would open up for the two fullbacks.

Abe Warns Arkansas to Be Test

By THE ASSOCIATED PRESS

Just because Arkansas got beat by Mississippi and had trouble winning 6-0 over Tulsa is no reason for complacency in the ranks of Texas Christian, quoth the assistant coach of the Horned Frogs, Walter Roach.

Roach was starting a buildup to insure a big effort from TCU when it faces off with Arkansas Saturday night at Little Rock.

Texas Christian might be expected to be a trifle cocky after beating Kansas and playing Ohio State to a 7-7 tie.

But Roach cautioned the boys that non-conference competition meant nothing when the championship race started in the Southwest Conference — and that came for the Frogs and the Razorbacks Saturday.

Any, Texas Christian will face Arkansas with no injuries. Arkansas will be in top shape, too. Quarterback Billy Moore, who missed both Arkansas games, is back and ready.
